

The cure for blood cancer looks exactly like you.

**Join the Be The Match Registry®.**

Marrow donors in your community are urgently needed to save the lives of patients with diseases like leukemia, lymphoma or sickle cell anemia. Patients are most likely to match someone who shares their ethnic background.

**Eric Hou** is 25 years old and battling acute myeloid leukemia (AML) for the second time in 16 months. He is a senior at Rutgers University studying cell biology and philosophy.

Eric needs a bone marrow transplant to help him fight this disease again. Every day, thousands of adults and children like Eric are diagnosed with blood diseases that require stem cell transplants. Eric and his loved ones hope to find a bone marrow match so Eric can begin his cure.

Please donate today or join the Friends of Eric virtual bone marrow drive to register today. Eric is waiting for his match and it could be you.

**Marrow Donor Registry Drive, Ages 18 to 44**

**Date:** Saturday 10/18/2014

**Time:** 1:30 - 5:30 PM
