### 竞选理念

作为一名华人家长，我深刻的认识到孩子美国长大学好中文的必要性和重要性，特别是孩子中文读写的能力。从我身边接触的年轻的华人后裔中，我深刻感受到优秀的华人后代一定也是母语特别的优秀。多掌握好一种语言，就可以多开阔一个人阅读的范围，多一种方式开拓眼界。学好自己的母语，更是使孩子有更深刻的自我认知的必要途径，和帮助建立自信心的一种方式。

虽然我是一名有两个孩子的年轻的家长，但我是中文学校忠实的家长和积极的参与者自从孩子入学以来，一直做义工，当班妈，为学校的运行尽自己的一份努力。我希望可以代表年轻的家长，加入董事会，为董事会带来与时俱进的理念，与其他懂事一起合作，做出对中文学校长期发展有利的决策，让我们的学校能够吸引越来越多的学生加入。我将积极参与学校管理，履行懂事职责，聆听家长学生的意见，更好的服务于学校的学生，家长。让我们的中文学校发展壮大，成为各个年龄阶层华人的核心凝聚力！

### Campaign Theme

As a Chinese parent, I deeply understand the importance and necessity of learning Chinese, especially improving literacy level of students. From my interaction with excellent Chinese Descendants, I deeply recognize that it is a thread that people who excel in their work and life are also very good at their mother tongue language. From another perspective, knowing one

more language will provide students with one more tool to explore the world, broaden horizon, gain different views and become more well-rounded. I also believe learning Chinese is a good way for Chinese descendent to gain self-identity and build confidence within oneself.

Even though I am a relatively young parent for two kids, I am an indeed very involved parents in the Chinese School. I have been helping with the school running by being Class mother, volunteers and contribute administratively whenever I can. I hope I can represent relatively young parents to join the board, bring fresh, advanced with times ideals, and work with other board members to bring the best out of the School to benefit our students. I will participate actively to all the matters that needs board members insights, help to make the school a better place to attract more students. I will also do my best to contribute to the school management, listening to feedback from students and parents, help to make the school not just a better place to server our students and parents, but also a core connection between all Chinese families!
